

WEEKLY NEWSLETTER

WIN TESTING

WIN letters regarding date, site, and time for the WIN test have been sent to all students who are required to test. Please check your SPAM folders.

Also, you have received this information via text message. Please respond to the email or the text to confirm your child's attendance at the test.

SC Prep will also be reaching out via phone to confirm your child's attendance at the test and/or answer any questions you may have.

We look forward to seeing you there!

Parents and students, please be aware we have received several reports of students submitting AI generated work in their classes. All work must be original to the individual student.

Teachers and staff are aware of the websites students are able to use to generate work. Teachers are also able to detect when these tools are utilized and AI generate submissions will not be tolerated.

STUDENTS

What is your favorite activity? What hobbies do you love the most?

We want to see some pictures! We're looking for pictures of SC Prep students doing the activities they love the most!

Ask your parents or friends to get some pictures of you having fun and upload them to [Student Picture Drive](#)

MARK YOUR CALENDAR

The last day to complete work for Quarter 3 is Sunday, March 19. If you are behind at all, please reach out to your teachers, plan to attend office hours, and start getting caught up now! We are here to help you be successful! Please reach out if you need help!

April 3-7 is SPIRIT WEEK! Details to come! In the meantime, pick up some SC Prep Gear in our [Online Spirit Store](#)

SAT/ACT will not be administered by SC Prep, however we do encourage students to reach out to local high schools in their area. Our school code is 410102 or look up our school by The South Carolina Preparatory Academy. Students who wish to take either, should start taking SAT/ACT their junior year, though not all students need to take this. SAT/ACT is a great placement test for college admissions.

If your child is struggling, reach out to our Student Engagement Specialist, jstockwell@myscprep.org. We want all student to feel confident and prepared in their learning experience.
